2019 Baby Bottle Campaign
Thank you for
partnering with us!
Our Goal is to Raise \$24,000
this year
to save 12 lives.

Our Research shows that it costs
\$1,200 to Empower One Mom
to choose LIFE for her baby.

The average baby bottle contains \$25. So for every bottle filled we could purchase a whole box of diapers!!!

OR if your church can fill 48 bottles

you can help

support ONE Mom or ONE of our TruthGirلز through our programs for a WHOLE YEAR!!!

OR for every 3 bottles we can purchase a brand new car seat for one of our mothers that attend at least 12 Earn While You Learn classes before her baby is born!!!

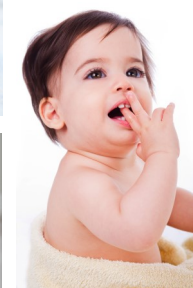

Clients	559
Pregnancy Tests	439
Ultrasounds	311
Changed Minds	29
Salvations	22
Adoption	5
Post-Abortion Support	5
TruthGirلز	300
Choosing The Best Education (6 th grade)	550

2018
ETERNAL STATISTICS

Because of your continued support, each of these 29 lives were saved in 2018

Mason	Emma	Jadyn	Joshua	Dante
Jevonte	Darian	Liam	Olivia	Kanesha
Niesha	Gabriel	Tavon	William	Jaquan
Adian	Sara	Grace	Camila	Benjamin
Caleb	Sofia	Rafael	Diego	Matias
Tyesha	Sampson	Tamika	Isabella	

From our Director

"I'm blown away at what God does when we say YES and do it afraid"

Every time we say **YES** to the next impossible thing God is asking of us at the PRC, He is faithful to show up with every resource needed and mind-blowing eternal results!

Death to Life results. Heart changing and chain breaking results.

Every number, name and story you are reading in this newsletter represents a life saved and a destiny altered for eternity.

If you have invested or volunteered in this ministry, God has used your **YES** to assist **29** women to choose life for her baby and **22** to choose eternal life! You have also helped mentor over **300** TruthGirlz weekly, and educate **550** sixth graders this school year. *And those are just the cliff notes of what God is doing here.*

I do not "feel" qualified to lead this ministry in the way I think it should be led.

But my job isn't to have it all figured out; my job is to show up and say YES, leaving the results up to God.

I can't wait to see what God will do through each of us in 2019 when we say YES!

Victoria Miglin - Executive Director

Client Stories

When I found out I was pregnant, my boyfriend said he would leave me if I didn't have an abortion. When I told my mom, she said that she had 2 abortions before she had me, so I should too. I felt all alone and helpless, so my friend recommended I talk to someone at the PRC. What a God-send! They really listened and understood what I was going through. The ultrasound showed I was 14 weeks pregnant, not 8 weeks like I thought. I knew I couldn't have an abortion after the ultrasound. Thanks to the PRC, I am able to take parenting classes and earn diapers and clothes for my baby. I am even "earning" a new infant car seat for when I leave the hospital with him."

Destiny, age 17

"I saw this place (PRC) online while I was looking for an abortion clinic. They could see me that day, and I could have an ultrasound. I was able to hear and see my baby, and that changed my mind about the abortion. My son, Marcus is due in 6 weeks and I can't wait to meet him and be his mom! This place has changed my life and literally saved his!"

Isabella, age 22

"I gave serious thought to having an abortion. I am so thankful for a place like this where I can come talk to someone. Now I have my beautiful baby girl!"

Patrea, age 19

Let's celebrate what God is doing here through all of us!

Prevention and TruthGirlz Programs

Gratitude.

Our High School TruthGirlz groups have been learning about the power of gratitude. We've studied gratitude as an attitude, a perspective, motivation and worship. It is with all of those aspects in mind that I look back over 2018 with so much gratitude for what the Lord is doing in and through the PRC's prevention programs.

TruthGirlz, a weekly mentoring program created by the Pregnancy Resource Center 6 years ago is now operational in 13 schools here in Iredell County, 7 of which were just added this fall. We've had 10 new volunteer mentors join the team to help meet this need and countless others who have stepped up to help make copies, organize craft supplies, donate snacks or boutique items, and even a couple who opened their home to help us organize and store boutique items!

Our Fall TruthGirlz Night Out, in partnership with The Cove Church was a blast! Girls from all of our middle schools were invited to come make holiday wreaths, play games and watch a movie together.

They did a beautiful job making Holiday wreaths which were then donated to Gordon Hospice House and the Council on Aging for some isolated Senior adults.

Against all odds, we're heading into our boutique season so very excited and encouraged to show the girls what they've earned- and share how much they are loved by people they've never met and the God who will never leave them.

Keeping up with all the details of the TruthGirlz program prevents me from teaching Choosing the Best in Health classes around the county as I have for the last 6 years. Here again, I am

overwhelmed with gratitude. The Lord provided Dana McLain to serve as Choosing the Best Educator, teaching truth in a cultural environment that leaves our children increasingly without absolutes.

At times its been overwhelming, but under the discipline of gratitude, we were pressed but not crushed. I could talk about how stressful its been, but with gratitude as perspective, all I can see is what God has done that our best efforts could not. There is so much yet to do as we adjust to this recent expansion, but gratitude motivates every step. I am so honored that I get to do this work and humbled that you choose to join us in it.
